RULES COMMITTEE REPORT 2012

This was an exciting year for WMSGGA with hosting Newga and having the combined Southern and Wmsga combined State championship. As far as rules are concerned there were a few rulings at both with the help of the MSGA headed by Nancy Storey . It was a tremendous help to have them on the course again this year and I want to thank all the rules officials on behalf of our organization.

As far as pace of play is concerned, we all did better this year from the comments I have heard but there is always room for improvement. Please be aware of your position on the course and not have a hole open in front of you.

Respectfully submitted

Ilse Pfander
