

Report of the WMSGGA Rating Committee - 2011

This season's weather has presented a real challenge for our committee. The late spring prevented us from beginning our schedule in May as we had planned and we found ourselves rescheduling often because of rain and difficult conditions.

We have completed five ratings to date, Wilson Lake, Hidden Meadows, Bangor Municipal's Nine Hole Course, St. Croix Country Club and Grindstone Neck.

We have a rating date scheduled for the Samoset Resort this month. Sheepscot Links has requested a rating of their yellow tees which we hope to complete this fall, weather permitting.

Respectfully submitted,
Phyllis M. Gaul
Rating Chair
