

## **REPORT OF THE RATING COMMITTEE - 2014**

**I am pleased to report the completion of the merger of our rating committee with MSGA and SWMSGGA this summer. USGA has accepted our plan and has completed the merger of our data bases. We now are all part of one team, providing us with access to a large field of experience raters to work with and access to all ratings previously performed by another team. We now all work under one USGA license and will all train together which will be a big money saver for WMSGGA and will insure continuity as we move forward. We will continue to be responsible for our own territories as we have in the past but will no longer be designated as WMSGGA rating team.**

**All of our ratings are current and all requests for 2014 have been completed or arrangements have been made for the completion of the same.**

**I would like to take this opportunity to thank our President and our Board of Directors for all of your support as I worked to make this merger happen. I know change can sometimes cause concern for some of us but I truly believe we will find this to be very beneficial in the future.**

**Respectfully Submitted,**

**Phyllis M. Gaul  
WMSGGA Representative to  
MSGA Rating Team**
